Sabiha Gökçen Airport

The hospital is located at 10-km distance to Sabiha Gökçen Airport! Thanks to close proximity to Sabiha Gökçen Airport, you will access to healthcare services whenever you wish and you will face no transportation challenge.

www.sabihagokcen.aero.com

Kurtköy Viaport Asia Outlet Shopping

We are at 15-km distance to Viaport Shopping Center! You will not get enough of walking inside this building, where the streets remind of Mediterranean towns with olive trees and season flowers all along the ways. You will enjoy walking around ViaPort streets where various world brands and food courts are available.
